**BISQUE OP ART VINTAGE VASE BY WINTERLING  
SCHWARZENBACH BAVARIA**

This white bisque porcelain vase by Winterling Schwarzenbach Bavaria is a stunning example of OP Art from the 70s. The history of Winterling started in 1907 in the northern Bavarian town of Röslau, located in the heart of the Fichtelgebirge region, and known for their porcelain products. The geometric polka-dot pattern creates a captivating optical illusion, and the matte porcelain surface reflects light in a way that is mesmerizing.
