LUNA TABLE LAMP

This small, very rare, remarkably original lamp was discovered in the estate of a major collector in Barcelona. Rising from a carved wooden base, its copper shaft supports a rough-surfaced, circular, notched copper rim in a distinctly Brutalist style. The lamp's namesake motif stems from the central glass plate, with luminous bone-white tones suggesting the moon's surface — mysteriously mottled by rising bubbles of cerulean blue.

DESIGNER: Handcrafted
ORIGIN: Spain
CIRCA: 1960
MATERIALS: wood, copper,
glass

Height: 14.5"

Base

Width: 4.63"

Height: 5"

List: \$4,800.00
